Banco BUILDING Onlus Association

Dear Friends from Banco Building!

We want to thank you for your great help and dedication in preparing the beds for our Hospital. Without your precious contribution this good work couldn't be achieved. It's good to have friends like you, ready to spent their time and resources to help to people in need. We appreciate very much for what you have done for us and be sure, our Patients pray for their Benefactors. You are teaching us, that love is giving and that we receive more than we can give. Together we can make this world more human, more hospitable and more beautiful. God bless you all

Sincerely

Francis De Sales Chemiel
